COLLECT EMPLOYER INSTRUCTIONS

Collect employers are those employers who would like to receive application materials in a group from our office, rather than directly from the student.

1. To access these employers, log into PathFinder: https://law-byu-csm symplicity.com/students
   Select OCI/Collect tab. Then select the appropriate session from the drop down menu (ex: 2015 Fall Collect). This will give you a list of the Collect Employers. For additional details about uploading documents and applying, please see the General Instructions.

2. Decide which employers you would sincerely enjoy working for and compile the requested documents for each employer.

3. Check and double check which documents are required for each employer as they may vary widely between employers. No other information need be included unless the employer specifically requests it.

4. The Deadline to upload your application materials and make your selections for the Fall Resume Collect Employers is July 27, 2015 at 8am.

5. We recommend you follow up with Collect Employers within 7-10 days of the application deadline to make sure they received your documents and to inquire about scheduling an interview.
